HAVE A LOOK

AT OUR SILVER LEVER WATCH at Rs. 35 before buying, and you will give it the preference before any other.

The Watch as it is now, is the result of 20 years experience in the Indian watch trade, and we guarantee it to be the most perfect watch ever offered to the public for such a small outlay.

Being the manufacturers ourselves, the buyer obtains the watch from first hand. This explains its cheapness.

The Watches are of medium size in heavy engine turned silver cases, either hunting or half hunting. Guarantee 3 years.

To be obtained only direct from our firms at Bombay, Calcutta, and Secunderabad.

KEMP'S PECTORAL COUGH SYRUP.

A MOST invaluable Cough Medicine, which has now been proved by an experience of many years, and continues to receive the increasing approbation of the public.

It stills the most troublesome and irritable coughs, cuts and brings up the phlegm easily, removes huskiness and soreness of the throat, tightness and oppression of the chest and difficulty of breathing, and induces calm and refreshing repose. Indeed, so speedy is the relief it affords, so delightfully soothing and healing its effects, even in the worst cases, that those who have once used it, use and recommend it in preference to every other medicine.

COMMERCIAL INTELLIGENCE

THURSDAY EVENING, Nov. 26.

We have still to report but a very moderate scale of business on the average. In imports trade has been fairly active, and as a general rule importers have been doing well not only in the extent but the nature of their transactions. Exports, however, are very decidedly wanting in life. Cotton has been reported firm from Liverpool for some days past as the result of increased activity in Manchester, but it has not led to any materi increase in the demand for Surats for shipment, Continental buyers being specially cautious in their operations. This is probably attributable to the unsettled political outlook in Eastern Europe, where hostilities although hitherto localised carry the possibility of involving the great powers, and we can scarcely look for trade generally settling down to a steady bearing until that difficulty is removed. In Wheat and Seeds a very dull feeling prevails owing to continued depression in the home markets, and freights are quiet in consequence both for ready and forward shipment. For Liverpool 16s. 3d. is now the rate ruling for Wheat, and for Continental ports we quote 21s. 3d. to 22s. 6d. Money continues very easy, and Government Paper and Shares are steadier. Sterling Exchange also has stiffened a little, but not to an extent to affect business materially.

Money.—The last return of the Bank of Bombay showed an increase in the Cash Balance of upwards of 55 lakhs, bringing it up to 210½ lakhs. Of the increase it is true 33 lakhs were in the Government balances, being, it is geneally understood, railway money; but even allowing for this the position is easy to a degree, and we see no probability of rates of discount taking an upward turn until after the turn of the year. Even then we think the rise will be neither rapid nor important. From Calcutta we learn by wire that the Bank of Bengal Cash Balance has advanced 9 lakhs.

Exchange.—The same quiet but steady tone, which we noticed when writing for last mail, remained without alteration until Tuesday, when with news of a recovery in the price of Bar Silver in London from 47 5-16d. to 47 7-16d. per oz., an advance of 1-32d. was established all round, and has since been maintained, making rates for ready bills as follows:—

Bank Bills on demand	Rs. 2 3-16d.	per rupee.
Do. Telegraphic Transfer	Rs. 2 5-32d.	"
Do. 3 months' sight	Rs. 2 3-32d.	"
Do. 4 "	Rs. 2 11-32d.	"
Do. 6 "	Rs. 2 13-32d.	"
Credits 3 "	Rs. 2 13-32d.	"
Do. 6 "	Rs. 2 9-16d.	"
Documents 3 "	Rs. 2 7-16d.	"
Do. 6 "	Rs. 2 19-32d.	"
Francs 3 "	1 9d.	"
Do. 6 "	1 9¾d.	"

At this level there has not been much doing, either ready or forward, but there is an unmistakable firm tone apparent which only wants a very little support in the shape of an increased amount of private bills to develope into an upward movement. Not that there is room for any rise of importance just now, the fact that Government have some 53 lakhs per week of Council drafts to dispose of up to the end of March, and that our import business on its present scale must eventually develope a considerable demand for remittance being sufficient to act as a very decided check. Still the tendency of the market is very distinctly against any further decline so long as no disturbing influence from outside intervenes.

Council drafts in London yesterday at the usual weekly biddings found buyers to the extent of 30 lakhs at 1s. 6 3-16d., an advance of 1-32d. on the previous week, and 5 lakhs additional have since been allotted at 1s. 6 7-32d. During the week ending on Tuesday 37½ lakhs were disposed of, and the amount to be offered at the next biddings is increased from 30 to 35 lakhs. This fact has had no appreciable influence on the market, as the requirements of Government are perfectly well known and discounted. The shipments of Silver for this side during the week are only advised at £60,000 for Bombay. The imports of the precious metals into this port during the past week have been 41½ lakhs in Silver and 5½ lakhs in Gold. The following is the position of the Mint as notified in to-day's *Government Gazette*:—

	Rs.
Value of Silver in the Mint on 16th Nov.	16,71,287
Silver received during the week	11,49,489
	28,43,776
New Coin paid during the week	8,00,000
	20,43,776
Silver belonging to private individuals	27,91,705
	48,35,481
Last week	40,10,287

Government Securities.—The recovery in Silver and the consequent improvement which has taken place in Rupee Paper in London has imparted a much stronger feeling to the market here, and Fours have steadily advanced from Rs. 97 for Cash and Rs. 96 13-16 for delivery at which they stood a week ago to Rs. 97 11-16 which is the closing price to-day. In the same way Fours-and-a-half which had receded to Rs. 93¾ have recovered to Rs. 99¾ at which they close firm. A comparatively large business has been done during the week and more would have resulted but for the fact that sellers have been operating with great caution hitherto. Any material advance on present rates, however, would probably bring the bears to the fore again and indeed this afternoon there was rather an indication of more willingness to sell where top rates could be got.

Shares.—There has been nothing in any way approaching activity in the market, but a very steady tone prevails and as a general thing the movements in values during the week have been in favour of holders. In *Banks*, Bank of Bombays have met some inquiry and have improved from Rs. 712½ to Rs. 715. Agras are firmly held at Rs. 130, and Nationals at Rs. 110. In *Press* companies the changes have been few, but the feeling is firm owing to the promising character of the Cotton crop. Bombay and Fort Press are both Rs. 15 higher, and Mofussils have improved Rs. 2½. *Spinning Mill* shares are all better. Soondardass have advanced Rs. 40, Framjee Petit Rs. 35, Madras United Rs. 25, and most other concerns from Rs. 5 to Rs. 10 per share. It is not that the mills are doing much good at the moment—although the margin is now if anything on the right side—but the prospects of the coming season are so much more hopeful. Cheap Cotton and cheap Coals promise a low cost of production and the markets for Goods and Yarns look like affording a good off-take. In the *Miscellaneous* list the only shares in which there has been important change have been Bombay-Burmah Trading Co. The rise in first issue has been Rs. 175, to-day's quotation being Rs. 3,925 and second and third issues have improved in proportion. Kemp and Co. have advanced to Rs. 307. Treacher and Co. to Rs. 1,130. Port Cannings are firmer at Rs. 307½. Bombay Flour Mills have changed hands at Rs. 670. Bapty Bros. are quoted at Rs. 210.

IMPORTS.

Piece-Goods.—A good steady demand has prevailed in the bazaar during the week resulting in a business which the dealers estimate at about 4,000 packages, and although prices on the spot are so higher, buyers have paid previous rates freely. Stocks keep quite within moderate compass and seeing this dealers have been willing to replace by purchases for future shipment, and a large firm offer business would have been done, but for the fact that producers in Manchester are mostly engaged further ahead than buyers on this side care to go. Prices on the other side too have hardened somewhat which is a further obstruction to simultanious transactions, nevertheless a certain amount of trade has been put through and a good deal more would follow if Exchange afforded a little help.

In *Local* cloths a fair business is passing, about 3,000 bales having been bought this week at in some instances rather higher rates.

Twist.—Imported Yarns continue to move rather slowly, and prices are only barely supported. For local spinnings the China demand has taken off rather and sellers find it difficult to get on unless at a reduction of 1-16 to ¼ anna per lb. which so far however has not been conceded.

Metals.—*Copper* continue in active request at a further improvement of As. 4 to As. 8 per cwt. Braziers now being quoted at Rs. 33 to Rs. 33½. A like advance has taken place in Yellow Metal in which we quote Braziers at Rs. 28½ to Rs. 29. *Iron* is quiet and slow of sale rather at former prices. Welsh Bar are quoted at Rs. 27½, Staffordshire at Rs. 29, Swedish at Rs. 43 to Rs. 44 per candy.

Coals.—For arrivals the market is quite, but pretty steady, and a considerable business is being done from time to time in forward shipments. We quote Davisons West Hartley at Rs. 14-8, Cardiff Rs. 14-8 to Rs. 15 per ton alongside, sellers, buyers offering 8 Annas less.

EXPORTS.

Cotton.—The Liverpool telegrams have been firm throughout, and although private advices respecting Surats have neither been so strong as Reuter makes Americans, nor indicative of any great desire on the part of consumers to operate for future shipment, there has been a larger business doing and prices are Rs. 2 to Rs. 3 higher on the week. The purchases for export made in Bombay alone run up a total of about 5,000 bales largely made up of new Bengals for this months' shipment at about our quoted rates. This in fact seems to be almost the only growth which home buyers appear at all keen about, but in all probability the demand for other descriptions will develope as the Cotton becomes available, when sellers on this side also may prove easier to deal with. So far there has never been anything like a present to sell shown, dealer having apparently made up their minds that they will do as well when the Cotton was actually on the spot. As yet arrivals of new stuff have scarcely been so free as the undoubted earliness of the crop would have led us to anticipate. Up to the end of this month we question whether 5,000 bales will have been shipped, but a very few weeks will now bring free supplies as both in the Berars and Khandeish the receipts into the up-colntry markets are rapidly on the increase. The quality moreover promises remarkably well in every direction, and if the trade at home only affords sufficient outlet there is every indication of one of the best Cotton seasons we have experienced in Bombay for some years past.

The movements of Cotton to date show the following comparisons with the two previous years:—

Receipts.	1885.	1884.	1883.
For the week	14,216	8,190	16,186
Since 1st January	1,037,332	1,581,816	1,612,387

For the week	1,188	812	890
Since 1st January	59,298	96,302	81,321

The following are to-day's quotations for fullpressed Cotton with the equivalents in Sterling, Cost and Freight to Liverpool, via Canal, without commission:—

New Crop—		per Candy.	per lb. C. & F.

Do. Dholleras	April	" 188 =	4 15-32d.

Wheat.—Arrivals have been larger again this week and advices from Europe being week, sellers have been somewhat easier to deal with except perhaps for No. 1 Soft White which is comparitively scarce. The extent of business however has not been large. We quote No. 1 White Pessy Rs. 2½ to Rs. 2¾, Jubulpore Rs. 2½ to Rs. 2¾, Soft Red Rs. 2½ to Rs. 2⅝, Laskari Rs. 2⅜ to Rs. 2¾, Hard Red Rs. 2⅛ to Rs. 2⅛, No. 1 Club Delhi Rs. 2⅝ per Candy.

Seeds.—*Linseed* is in light supply and meets but a small enquiry at Rs. 6-11½ ready Rs. 5-14½ for April-May delivery. In *Rapeseed* there is very little doing. Guzerat Yellow we quote at Rs. 6-1 ready Rs. 6-2 per cwt. April-May, Red Cawnpore Rs. 5-1 on the spot Rs. 5-3 per cwt. May but nominal at that. Of *Gingelly* arrivals are still backward and transactions limited in proportion. White we quote at Rs. 3½, mixed at Rs. 3¼ per candy.

The comparative imports of Wheat and Seeds are as follows:—

The Bombay Gazette

FRIDAY, NOVEMBER 27, 1885.

The second day's elections have brought the two parties into remarkably close competition, and for the moment it seems as though a neck and neck race for supremacy were going on. So far as is known eighty-eight Conservatives and eighty-six Liberals have been elected. Thus the Conservatives, though still leading, have not made an advance proportionate to the advantage with which they started. But they have gained some conspicuous successes. At least six members of the late Administration—one of them a Cabinet Minister—have been defeated, and on the Conservative side no more conspicuous official personage than Sir Drummond Wolff—whose absence in Egypt apparently has not made the heart of Portsmouth fonder of him—has yet had to succumb. The defeat of Mr. Childers in the Pontefract district, of Mr. Shaw Lefevre at Reading, of Mr. George Russell at Fulham, and of Mr. Cross, the former Under-Secretary for India, at Blackburn, will cause amongst the Liberals a mortification which will be scarcely extenuated by a victory over Sir Drummond Wolff. Mr. Childers's rejection supplies a noteworthy example of the way in which one of the new half-urban half-rural constituencies which the Redistribution Act has created may exercise its powers. This and one or two instances

It will be seen from an announcement elsewhere that an effort is proposed to be made to secure the engagement of Mr. Charles Wyndham's Comedy Company in Bombay in January. The project has already received promises of considerable support from influential quarters.

LIEUTENANT E. F. MARRIOTT, Superintendent of Police, Panch Mahals, returned to duty within the period of his leave.

PRIVILEGE leave for three months has been granted to Mr. W. H. Propert, C.S., Acting Commissioner.

DURING the absence of Colonel Maunsell, R.E., on furlough, Colonel Goodfellow, V.C., will act as Superintending Engineer, first class ; and Colonel A. T. Mander as Superintending Engineer, second class.

SIR LEPEL GRIFFIN was to leave Indore for Gwalior yesterday to arrange for the Viceroy's durbar there.

MR. H. J. LAUDON, Assistant Engineer, first grade, has been appointed to act as Executive Engineer for Irrigation, Khandesh, during the absence of Mr. H. G. Palliser.

THE Rev. W. E. Scott has assumed charge of his duties as officiating chaplain at Aden.

THE appointment of Mr. E. T. Candy, on his being relieved of the office of Legal Remembrancer by the Hon. Mr. Naylor, to act as Judge and Sessions Judge of Poona, and Agent for Sardars in the Deccan, during the absence of the Hon. Sir William Wedderburn, has been gazetted. Mr. Candy received charge of the office on the 14th inst.

MR. W. E. HART, Chief Judge of the Bombay Small Cause Court, will take short privilege leave next month.

MR. G. DRUITT has been appointed to act as Judge and Sessions Judge of Sholapore-Bijapore, during Mr. Tagore's deputation on special duty.

THE vacancy in the Parsee Matrimonial Court caused by the death of Mr. Nowrozjee Furdoonjee has been filled by the appointment of Mr. Dadabhai Naoroji to be a delegate.

ALL public offices will be closed from Thursday, the 24th December, to Saturday, the 2nd January, on account of the Christmas holidays. Heads of offices will arrange for the despatch of any emergent business that may occur during the vacation.

THE present death-rate in Bombay is lower than it has been for some time. During the week ending the 24th inst. it was only 23·86 against 29·52 in the corresponding week of last year, and a mean of 26·09 in the corresponding week in the preceding five years. There has been no death from cholera in Bombay for several weeks.

FROM the Bombay Presidency season reports for the week ending the 24th inst., it appears that the river is still low in Sind. The reaping of kharif and sowing of rabi crops has been completed in some districts, and is in progress in others. More rain is wanted for rabi crops in parts of Poona, Ahmednuggur, and Khandesh. Standing crops have been damaged by insects in two talukas of Panch Mahals. There is cholera in parts of eight, fever and cattle-disease in parts of thirteen, and small-pox in parts of five districts.

THE official report on the prospects of the rice crop for October, 1885, is as follows :—"The area under rice is now reported as 191,936 acres above last year's area, giving an increase of 6·2 per cent. The rainfall has been favourable in October in the Lower Districts of the Delta, but in Henzada, Prome, and Tharrawaddy the rainfall was not sufficient, and a light crop may be expected in these districts, unless they get more rain at an early date. In the other districts the crop prospects are reported to be very good."

SIR DONALD STEWART, Commander-in-Chief in India, leaves by to-day's mail-steamer. His Excellency has been pleased to dispense with the attendance of a guard of honour, and of heads of departments and commanding officers, on his departure ; but any officer desirous of wishing him good-bye may attend in undress uniform at the Apollo-bunder at half-past four o'clock.

IT had been proposed that the Viceroy and Lady Dufferin should pay a visit to Dacca this cold season for the purpose of inspecting the elephant kheddas ; but owing to the war in Burma it is announced that the intended visit has been indefinitely postponed.

THE site for the great entrenched camp in the Peshin has been definitely settled on, and Syad Hamid, a little village some miles from Peshin Cantonment, and in a more northerly direction, is the spot chosen. The idea, *on dit*, is to erect fortifications, &c., but not to garrison the place. Should necessity arise, the camp will then be ready for occupation. It is rumoured locally that ten thousand troops are to go up here after the Camp of Exercise is over. Probably they will be set to work to construct the Great Camp.

THE Countess of Dufferin's Fund grows apace. The Rani of Mahmudabad, Raja Jang Bahadur Khan of Nanpura, and Seth Luchman Das of Muttra have each contributed a handsome donation of Rs. 1,000 to the N.-W. P. and Oudh branch of the Fund, and the Raja of Manda Rs. 500.

AN Agricultural Durbar will be held at Lucknow on the 3rd proximo, the day after the opening of the Art Exhibition, which the collected zimindars will thus have every opportunity of seeing. The Exhibition will also be visited by His Excellency the Viceroy during his stay at Lucknow, and on another day will be given up to the zenanas of Lucknow, admission free. This plan of opening the sights to native ladies was a great success at Calcutta, and it is satisfactory to find it repeated at Lucknow. The Exhibition will probably close about the 12th December.

A CALCUTTA firm has made to order what must be, according to a description in a local paper, one of the most unique and costly swords in modern times. The scabbard and handle are of solid gold, and with this for a ground a beautiful floral design in diamonds, emeralds, and rubies, all of the purest water, covers the whole sheath and handle, so that with the sparkling brilliance of the diamonds, all Indian gems of great beauty, the whole presents a dazzling mass of brilliants. The workmanship is of the highest artistic finish. The cost of the sword amounts to about five lakhs of rupees.

THE Jodhpore State Railway, over which His Excellency the Viceroy travelled when he visited the Maharaja Jaswunt Singh recently, is already a flourishing line. The length opened at present is sixty-four miles, constructed at a capital cost of between Rs. 17,000 and Rs. 18,000 to the mile. The net earnings for the last half-year were 4·48 per cent., and it is anticipated that for the whole year they will be 9·25 per cent. The working expenses have been so far 38 per cent. of the gross earnings, and the earnings from the passenger traffic alone 50 per cent. of the total income—a noteworthy fact as showing how the people in Native States, too, appreciate the benefits of travelling by rail. Useful as the line is now in times of famine, it would be a great boon. It passes through an arid sandy desert with very little cultivation ; but such population as there is lies chiefly near the line, and could be easily reached in seasons of distress. Salt, wool, and piece-goods are sent in large quantities over the open portion, and it is expected that there will be an extraordinary increase in the traffic when the railway is extended sixty miles from Luni to Pachbadra, where there is plenty of salt of first-rate quality. A considerable passenger traffic on this section is almost assured. An up-country paper says that the whole credit for the work, and for the organisation and cheap working of the line, is due to Mr. Home, a Cooper's Hill engineer, who also built the fine canal for the supply of drinking water to Jodhpore city.

THE following highly comic incident, illustrative of Russian judicial tact, has just occurred at Odessa. The old original Odessa cemetery being quite full is about to be closed and a new one opened in its stead. Two rich Greeks, wishing to have one of the most favourable sites in it for their grave, by some unaccountable mischance bought the same plot of ground ; and, as they both wanted it, neither would give it to the other. They therefore agreed to submit the matter to one of the district justices of the peace (actually a stipendiary magistrate) for him to arbitrate upon. He did so by advising the parties to agree that he who died first should have the right to be buried in the disputed allotment. This they both immediately acquiesced in, and left the court highly pleased with the arrangement, each probably very willing that his opponent should have his wish satisfied.

MILITARY NEWS.

GENERAL SIR ORIEL TANNER is going on two months' leave.

As the cleaning rod of the Martini-Henry is rather short when used for the purpose of forcing out an empty cartridge case which has stuck in the breech, an experiment is being tried of having a longer rod placed on the left side of the barrel, imbedded in the woodwork of the stock, and to do this effectually the wood at the side must be increased, which would give the weapon a one-sided appearance.

MAJOR W. V. ELLIS, Brigade-Major, Lucknow, has been appointed Deputy Adjutant-General with the Southern Force at the Camp of Exercise.

COLONEL H. H. MURRAY, Royal Artillery, has proceeded on three months' leave.

GENERAL MCFARLAN has taken over the command of the Sirhind Division.

CAPTAIN S. WATSON, 1st Battalion Worcestershire Regiment, has been appointed Brigade-Major in succession to Captain F. G. T. Welch.

LIEUTENANTS ARTHUR PERCY ARCHIBALD ELPHINSTONE, 2nd Battalion Royal Warwickshire Regiment ; Charles Henry Lewis, 2nd Battalion North Staffordshire Regiment ; and Arthur Edwin Stewart Hartigan, 1st Battalion South Lancashire Regiment, have been admitted to the Bombay Staff Corps.

LIEUTENANTS H. C. MACNEE and F. Hutchinson have resigned their commission in the Bombay Volunteer Rifle Corps.

LIEUTENANT-COLONEL MALDEN, S. C., whose tenure of command of the 5th Bombay Cavalry expires on the 29th November, has been permitted to reside in England.

A QUETTA correspondent writes to an up-country paper :—"Further proof—if further proof is necessary—of the unfitness of Bombay troops for service on this frontier is afforded by the 14th Bombay Infantry, who have been quartered out in Peshin for the last year. This regiment is in such a piteous state, owing to sickness, that they have been ordered in here, the 30th Bombay Infantry (3rd Biluchis) relieving them. When inspected by His Excellency the Commander-in-Chief the other day about a quarter of the whole regiment were able to turn out, I hear. The regiment has about 150 or 200 men in hospital, and has lost a company by deaths. Could further proof be needed of the folly of sending regiments of this class, composed of Mahrattas, Parwaris, Purbiahs, *et hoc genus omne*, to a trying climate like this ? As well send a regiment of Somerset yokels to Honduras or New Guinea and expect them to thrive. As I said in my last, it is, no doubt, a good thing for the Bombay Army to have a place on the frontier ; but is the advantage worth the price paid for it ? If war broke out and troops were urgently wanted at the front, of what earthly use would regiments of the 14th kidney be ? No, the men for this part of the world are Rajputs, Sikhs, and Pathans—men of superior physique and men who are able to stand cold and discomfort. The 3rd Biluchis is mainly composed of up-country men, and I have not the slightest doubt that they will do well in Peshin. Many valuable lives would be saved, and the Bombay army gain more recruits if Bombay regiments were entirely withdrawn from here and confined to their own presidency. The Bombay sepoy loathes the place, and can never get over the feeling that he is in a foreign country. There is no doubt that the native garrison for this district should be drawn from the Punjab and Northern Bengal, probably the writer is not altogether without prejudice.

THE WESTERN INDIA SPINNING AND MANUFACTURING COMPANY.

THE fifth ordinary general meeting of this company was held yesterday evening in the Fort. Mr. Damodhur Thackersy Mooljee took the chair. The following report of the directors was submitted to the meeting :

The directors have to submit for your information balance sheets and statement of accounts for the year ending 30th June, 1885, and in doing so they very much regret to have to meet you with a loss of Rs. 20,059-7-5. Our mill, in conjunction with almost all the Bombay mills, has suffered equally from the same causes, viz., the high price of cotton and low price of yarn, which has continued throughout the year ; and although at present there appears to be a slight spurt in the price of yarn for the better, the price of the raw material has as yet shown no sign of a decline. As was reported in last year's report, all the necessary improvements therein described have been effected in the mill machinery. The new "openers" are now working satisfactorily, as also the throstle spindles "with long collars" which now supply "warp" for the looms without any difficulty, and no stock of any throstle yarn remains on hand for the market. The directors have replaced the remainder of the throstle frames by "weft" mules from Messrs. Platt Brothers and Co., and these also are now in working order in the mill, and although the out-turn from these has not come up to what your directors wish it to be, yet they have not had a sufficient trial, and for this reason your directors have not thought it advisable to undergo any expense for replacing "twist" gauge frames, as was hinted in the last report. From the accounts it will be observed that the agents have not charged any commission, which they were entitled to do under the company's articles of association. The directors beg to inform the shareholders that they have insured the mill buildings and machinery for Rs. 9,64,500 and contents for Rs. 1,90,000, total Rs. 11,54,500. Messrs. Bomanjee Dinshawjee Petit and Purmanandas Jeewandas retire by rotation, but are eligible for re-election.

Resolutions were passed adopting the report and re-appointing the office-bearers of the company. A vote of thanks concluded the meeting.

DIVINE SERVICE.

BOMBAY YOUNG MEN'S CHRISTIAN ASSOCIATION.

THE usual monthly prayer meeting in the lecture-hall, Apollo-bunder, this (Friday) evening, at half-past eight. All young men cordially invited.

THE FIELD SERVICE BARROW.

WE give below a drawing of a field service barrow designed by Colonel Phelps, of the Commissariat Office, for service in Afghanistan or similar countries where forage for cattle is scarce. It is specially intended to take the place of a camel, and carry the usual load of 400 lbs. It is made of best seasoned wood with light steel springs, and is propelled by three coolies pulling or

pushing at wooden bars inserted in iron crane necks. While a camel requires 30 lbs. of food a day, the three coolies propelling the barrow would require about 6 lbs. of food a day, some of which can be obtained almost anywhere and need not be carried. Thus a camel would eat up its own load (320 lbs. on field service) in about eleven days, while the barrow men could carry fifty days' food for themselves. It is very trying to march in square formation in a hot climate with camels in the centre. Not only do they occupy much space, but loading and unloading takes up much valuable time. The field service barrow would occupy less space, be inoffensive, and form a temporary zareeba at the end of the stage. It would not require to be unloaded, and in safe localities could be used as a shelter by putting two together and throwing a tarpaulin over them. In African travel they would solve the problem how to deal with the tsetse fly, which kills all four-legged transport. The original cost of a camel with its equipment would be much greater than the cost of the barrow (about Rs. 60 to Rs. 65) and the warm clothing for three men. Many of them have already been sent to Sibi, Quetta, and Egypt, and some are now in constant use at Suakim.

"GOD SAVE THE QUEEN."

PRINCE'S DOCK.—The s.s. Antonio and Rydal Hall entered the dock yesterday.

G. I. P. RAILWAY.—The statement of traffic for the week ending the 21st inst. shows an increase in receipts of Rs. 68,202.

B. B. AND C. I. RAILWAY.—The approximate return of traffic for the week ending the 4th inst. shows an increase in receipts of Rs. 1,910.

POSTAL NOTICE.—The next China and Australian mails, per s. s. Cathay, will be closed at the General Post Office, Bombay, to-morrow (Saturday) at 11 a.m.

A VAGRANT.—Edward Myer, a European, was yesterday declared a vagrant by Mr. Dosabhoy Framjee, and ordered to be sent to the Government Workhouse.

FRAUDULENT POSSESSION OF PROPERTY.—Yesterday a noted character named Sumsoodeen Mahomed Hasham, was attacked by Mr. Dosabhoy Framjee of having in his possession a brass wall-shade, supposed to have been stolen. He was sentenced to two months' rigorous imprisonment.

SUICIDE.—A coroner's inquest was held yesterday at Sandpun, on the body of Rama Laxman, aged 50 years. Deceased was a labourer. He had been suffering from fever for the last two weeks, and was delirious at times. On Wednesday he was missed from his house, and his dead body was subsequently recovered from a well near by. A verdict of suicide was recorded.

LOST PROPERTY.—Mr. Cowasjee Carsetjee, Assistant Collector of Customs at Oorun, has reported that on the 18th inst., while going on board a ferry steamer at Carnac-bunder, dropped from her hand into the sea a small parcel containing a cap ornamented with small pearls, valued at Rs. 800. It has not been found by the divers, who have been for it a few hours afterwards the search was unsuccessful. Vallubhdas Tejpall has reported to the police that on Wednesday he lost a gold ring set with seven diamonds, valued at Rs. 300, somewhere between Boree-bunder and the Town Hall.

FIFTH CRIMINAL SESSIONS.—The last case on the calendar, that of Dishnajee Arjoon Achrekar, who is charged with giving false evidence in a judicial proceeding, was to be heard at the Criminal Sessions yesterday. The Hon. Mr. Budroodin, who appeared for the prisoner, said that Mr. Leith was interested in the case on Wednesday, but that he returned the brief yesterday morning. It had just then been placed in Mr. Budroodin's hands ; and he did not think he could do the case justice under the circumstances. The prosecution had no objection to the case standing over ; and Mr. Budroodin would suggest that it should be traversed to the next Sessions. Mr. Justice Scott, after consulting the Clerk of the Crown, directed that the trial should come on at 11 a.m. to-day. The Sessions were accordingly adjourned until this morning.

BIRTHS AND DEATHS IN BOMBAY.—The total number of deaths registered during the week ending on Tuesday, 24th November, was 377, being 39 less than in the previous week, 139 less than in the week ending 25th November, 1884, and 43 less than the mean of the corresponding period in the preceding five years. During the week 355 births were reported in the different districts of the city. The rate of mortality per 1,000 of population per annum was 23·86 calculated on the increase of population since 1881. There were 78 deaths from remittent fever, being 20 less than in the previous week, and 18 less than in the same period last year. The deaths from diseases of the respiratory system, diarrhœa, and dysentery were last week 58, 22, and 9 respectively as compared with 89, 19, and 8 in the same time last year. No death from cholera was registered last week, as in the week previous.

DISHONEST MUNICIPAL PEONS.—Ramchunder Vithul and Gunesh Ragoonath, Municipal peons attached to the department of the registrar of births and deaths, were yesterday convicted by Mr. Dosabhoy Framjee, the first prisoner of stealing a gold watch and chain, valued at Rs. 250, from Bhugwundas Moorlidhurdas on Wednesday night, and the second accused with the receiving of the stolen property. The two peons on Wednesday night went to the house of one Cassibai, a songstress at Moogbhat, where they met the complainant. A scuffle ensued between the parties, during which the first accused managed to snatch the complainant's watch. The loss was not discovered until the scuffle was over, when the matter was reported to the police. The accused were arrested, and the watch and chain were recovered from a Marwarree with whom they had been deposited for safe custody. The first prisoner was sentenced to nine months', and the second to six months rigorous imprisonment.

HARVEST FESTIVAL AT TRINITY CHURCH.—A harvest thanksgiving service was held in Holy Trinity Church, Sonapore, on Wednesday evening, when a large congregation was present. The church was tastefully decorated for the occasion by the willing hands of the school children, with the help of one or two friends, under the direction of the Hand-mistress. The service commenced with the Old Hundredth, used as a processional. The Rev. A. Goldwyer Lewis intoned the prayers. The Proper Psalm (Dupuis), the Magnificat and Nunc Dimittis (Arnold in A.), and the Responses (Liverpool) were all admirably sustained by the choir. The festival anthem, "O give thanks unto the Lord" (Farebrother), was rendered very sweetly. The Rev. P. H. LeFebvre, Chaplain of Christ Church, Byculla, then intoned from Psalm civ. "With Thee is the fountain of life." In eloquent terms the preacher enforced the doctrine that God is the source of all energy in nature and man, and explained that the harvest thanksgiving was an acknowledgment of this principle. The offertory anthem, "He shall dwell in the Land" (Stainer), was sung very pleasingly, the bass solo being carefully and impressively executed by Mr. Lamb, and the tenor solo by one of the choir boys. The recessional hymn (331 A and M) concluded the service. Great praise is due to the precenter, Mr. Jas. Shepherd, for his careful training of the choir, which consisted almost entirely of the children of the Indo-British Institution. The concluding blessing was given by the incumbent of the church, the Rev. C. Gilder. The offertory was for the benefit of the schools.

TRAM CONDUCTORS' GRIEFS.—At the Fort Police Court yesterday, before Mr. Cooper, Appa Tenglajee, a tramway conductor, charged Moosa Peraj, a victoria driver, with driving his carriage in a rash and negligent manner, and thereby causing hurt. It appears the complainant was standing, collecting tickets, on the footboard of a tramcar which had left the Market for Boreebunder. The accused drove his victoria so close that it collided with the conductor as it passed on the left side, and injured him a good deal. Witnesses were called who supported the story of the complainant, and stated that there was no other carriage near which could have caused the accused to drive so close to the car. His worship said, in disposing of the case, that the accused passed the car on the left hand side, and he did not touch it in any way. Every vehicle in this city had a right to pass as close as was reasonable to a tramcar, but so as not to touch it. There was no law which said that a carriage shall not pass within a foot of the footboard of a tramcar. In this case there was nothing to show that before he approached so close to the car, the accused saw the conductor on the footboard. If he had, of course it was his duty to take the necessary precaution. But it was a most dangerous practice, that of the conductors collecting tickets on the footboards of cars. Because they were apt, quite unaware, to put their feet or bodies at a distance of a foot or a foot-and-a-half beyond the footboard, and it was impossible for drivers to see them till it was too late to avoid an accident. His worship thought it would only be safe for conductors if some precautions were taken to prevent accidents of this kind. He discharged the accused.

ADVICE TO MOTHERS.—Are you broken in your rest by a sick child suffering with the pain of cutting teeth ? Go at once to a chemist and get a bottle of MRS WINSLOW'S SOOTHING SYRUP. It will relieve the poor sufferer immediately. It is perfectly harmless and pleasant to the taste, it produces natural quiet sleep by relieving the child from pain, and the little cherub awakes "as bright as a button." It soothes the child, it softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for dysentery and diarrhœa, whether arising from teething or other causes. Mrs. Winslow's Soothing Syrup is sold by Medicine Dealers everywhere at 1s. 1½d. per bottle. Manufactured by the Anglo-American Drug Co. (Limited), 27, Farringdon-road, London.

THE MARQUIS OF HARTINGTON ON THE RECONSTRUCTION OF THE IRISH GOVERNMENT.

LORD HARTINGTON had a purpose in being at Belfast on the 5th inst. which justified his lordship's determination to go there, "dead or alive," when illness threatened to be an obstacle to the journey. In a speech at a banquet given him by the Ulster Liberals in the evening, he made what was in effect a tender of co-operation and alliance to the Nationalists, carefully wrapped up in conditions which might soothe the susceptibilities of the Liberals and Conservatives, whom he urged to unite to fight the Parnellites in the interest of the Union. The proffer of self-government, to be given in instalments, was a wholly unexpected evidence of the determination of the Whig chief not to leave the Conservatives the monopoly of the Nationalist vote, on which they for the moment reckon so confidently. Lord Hartington, having stated that he then made the first political speech he had ever given in Ireland, said :—

I have observed that in the election speeches and addresses of the great bulk of the candidates on both sides of politics there has been a remarkable abstinence from a discussion of Irish affairs. If I thought or believed that this abstinence arose from a sense of the great gravity and difficulty of Irish politics—from a desire of the candidates on both sides no longer to make matters of Irish administration or of Irish legislation questions of party conflict—in that case I admit that I should consider it a hopeful and promising sign. But I am afraid the day is still distant when any new departure on either political side in Irish matters is likely to be anything but the signal for bitter party contests. The silence of the parties is all the more remarkable, because the leaders of the political parties have not hesitated to address themselves, to some extent at all events, to the Irish question. (Hear, hear.) I have already spoken of Mr. Parnell's demand. That, at all events, has been made in no uncertain tone, and I am bound to say that the leaders of the political parties have replied to that demand, and have replied in language which I do not think we are to blame. Mr. Gladstone and Lord Salisbury have both adverted to the demand which is made upon us, and both have declared it in adequate language to be a demand which, in its present state, it is impossible for a British Government or a British Parliament to comply with. (Cheers.) But, gentlemen, they have

become a great drunkard. On one occasion he said that his dinner was not sufficiently hot, and severely twisted my wrist. On another occasion he threw a knife at me, and some time after this incident he suffered from *delirium tremens*. In consequence of these acts of cruelty, I was in constant fear of personal injury. So far back as June, 1881, I wrote to my husband asking whether he was living with the young woman. He replied that this was not the case, but I afterwards ascertained that his denial was untrue. The action has been brought on my own motion to do justice to myself, and not at the instigation of my husband.

To the court.—I first made up my mind in February to bring the suit; and I finally decided to file my petition, in order that Mr. Jaliffe might be free to marry this girl. No one ever persuaded me to bring this suit, except the clergyman at Allahabad, who advised me to do so.

Mr. Anderson observed that although the petitioner knew that, after the divorce, he would probably marry the girl, there was no arrangement whatever between the parties to bring this suit.

His Lordship said he did not know whether the statement made by the petitioner should not be regarded as amounting to a collusion between the parties.

Mr. Anderson said that having looked into the cases bearing on this point, he found that the court did not grant a divorce in cases where the evidence of adultery or cruelty, whatever it might be, was not satisfactory, or where the facts pointed to the probability that the real person seeking a divorce was not before the court; that is where the petitioner sold her right to a divorce to the guilty party, who, of course, could not obtain it from the court on his own motion. But in the present case it was impossible to suppose that there had been any collusion between the parties. The utmost they could find here was that the husband knew that the wife was going to bring the suit; that the wife had brought the suit after obtaining the best advice she could as to what was her duty in connection with this matter; and that she knew that he was not going to defend the suit, because he had really no defence to make. Counsel said there was no case on record to show that, under these circumstances, the petitioner was not entitled to a divorce. Mr. Anderson cited cases in support of his argument.

His lordship gave a decree *nisi*, with costs against the respondent.

THE NATIVE PRESS.

THE ELECTIONS.

LORD RANDOLPH CHURCHILL'S crusade in the enemy's camp at Birmingham has turned out to be a failure, as was naturally expected. It was not believed that the Liberal electors of Birmingham would give up their old veteran orator of the peace-at-any-price school, after his services extending over twenty-eight years. But Lord Randolph's is a creditable defeat.—*Jam-i-Jamshed.*

MR. BRIGHT'S success shows that he has lost none of the confidence reposed in him by the Birmingham electors, and that in the eyes of the latter Lord Randolph Churchill holds a much less important position than their old veteran member. Mr. Bright is one of our truest friends, and his election will be heartily welcomed by the native community.—*Bombay Samachar.*

MR. EDWIN ARNOLD.

IF the Bombay Branch of the Royal Asiatic Society be desirous of doing honour, to any foreign visitor, that visitor is Mr. Edwin Arnold. We think the society should hold a conversazione to which he should be invited.—*Id.*

PENNY TELEGRAMS.

ALTHOUGH the Post Office authorities are unable at the present moment to furnish a tabulated statement showing in actual figures the working of the sixpenny telegram system during the few weeks it has been in operation, they have nevertheless had sufficient experience of its working to satisfy the Telegraph Department as to the success that has hitherto attended the cheapened rate, and the still greater success they may fairly anticipate. Taking only the ordinary paid inland telegrams, exclusive of press and other messages of a special character, the increase during the first completed week in October reached 33 per cent., which is 3 per cent. beyond the original estimate for the entire year. During the second completed week the increase was 44 per cent.; but in the third week there was a fall in the percentage of from 44 to 33. This, however, need hardly be regarded as discouraging, inasmuch as, in comparison with the corresponding period of the previous year, the depression then experienced was considerably greater in proportion to the then charges than the slight falling-off recently experienced. The average price paid for telegrams during the past month has been about 8d., as contrasted with an average under the Is. system of Is. 1d. Of the large number of telegrams transmitted under the reduced rate about 40 per cent. are attributable to the sixpenny rate, and there is little doubt that the extra halfpence as between the minimum and the average charge have been contributed to an appreciable extent by those who as yet have had little exercise in the art of condensation. The increase of private telegrams in the metropolis has been really enormous when compared with the general increase throughout the United Kingdom, for whereas the total percentage of increase has fluctuated between 33 and 44 per cent., the increase in London alone has amounted to considerably over 60 per cent. There has been a proportionate increase in several of the largest of our provincial towns, notably Liverpool, Glasgow, and Manchester.

Holloway's Ointment and Pills.—Rheumatism and Gout.—These purifying and soothing remedies demand the earnest attention of all persons liable to gout, sciatica, or the painful affections of the muscles, nerves, or joints. The Ointment should be applied after the affected parts have been patiently fomented with warm water, when the unguent should be diligently rubbed upon the adjacent skin, unless the friction should cause pain. Holloway's Pills should be simultaneously taken to reduce inflammation and to purify the blood. This treatment abates the violence, and lessens the frequency of gout, rheumatism, and all spasmodic diseases, which spring from hereditary predisposition, or from any accidental weakness of constitution. This Ointment checks the local mischief. The Pills restore the vital powers,
